Sattui is a bay and white Gypsy Vanner filly, by Charlie out of Feathers, with amazing movement. She is well under saddle, has started jumping and is very willing to learn. She competed at the Stone Tavern Breed Show at the New Jersey Horse Park where she placed third in the yearling fillies class against Hanoverians and Oldenburgs. She would make an excellent Dressage or carriage horse. Sattui has been started in harness, and is confident alone on trails. We love using Sattui as an ambassador for the breed, as she displays the gentle disposition that is characteristic of the breed. She has been to Equine Affairs, and State Fairs, and competed in trail class and numerous halter classes.
