Turley is currently standing stud at El Brio, is sired by the famous Cushti Bok, and has produced three foals out of our own mares, EBV Plump Jack, EBV Cru and EBV Kendall. Turley is trained to ride, drive, and does flying changes. He attended the Ohio State Fair in 2006 where he was shown and placed in English and western pleasure classes, and the stallion halter class. He has also been shown at Dressage at Devon in the Gypsy Vanner IBC class, and the 3 year-old materiale class among other local dressage shows.

In 2009, Turley won Supreme Champion on both Saturday and Sunday at the Dream Park Classic in New Jersey. Performing well in halter and under saddle classes allowed him to be named High Point for the weekend. Just a few months later Turley was named High Point at the Buckeye Gold Cup in Ohio. We were so excited to see Turley excel, we decided to enter him in the USDF Breeders Championship series. After qualifying for the Championships at Stone Tavern, we headed for Dressage at Devon. Turley finished up his show season with a bang as he was named the Reserve Champion Stallion of the Eastern States USDF GAIG Breeders Championship Series. With so many great wins this season, Turley was recently announced as the High Point Performance Horse as well as the Overall High Point for the year at this year's Gypsy Vanner Horse Society meeting.

DOB: 2003

Height: 14.1 hh

Color: Piebald

Registration Number: GV000102F1
